

Accessibility Policy

Vanderhoof Youth Soccer Association is committed to providing a welcoming environment and culture that ensures everyone involved in, or participating in soccer is made to feel actively encouraged, included, and valued.

This involves actively seeking to understand and remove barriers for full and meaningful participation and bridge gaps for people who may have previously felt excluded.

This is done to help to ensure that soccer is seen as more appealing to all potential participants regardless of race, sex, gender or ability.

For more information regarding Canada Soccer's accessibility policy please review the below link.
